# Who Are We ?

We're a Birmingham, AL based custom software development firm with a mission for building long term relationships and delivering software on time and on target.

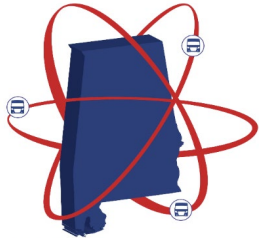

205.859.0660

[info@ironmtntech.com](mailto:info@ironmtntech.com)

# Our Mission:

Under the guidance of the Alabama Dept of Transportation (ALDOT) and University of Alabama Huntsville (UAH), we are committed to developing a simple to use, unified technology platform to help ALDOT and all agencies throughout the state manage their transit systems.

**ATOMIC**  
ALABAMA TRANSIT OPERATIONS & MANAGEMENT  
INFORMATION CENTER

  
IRON MTN TECH

The Alabama Transit Operations and Management Information Center, will not only include all the legacy functionality found in the Alabama Transit Reporting System (ATRS) and Bus Maintenance Management System (BMMS) but also many new features.

# Overall System Functionality

-  Asset Management (Vehicle, Chairlifts, Properties)
-  Reporting (Annual, Quarterly etc)
-  Grant management and reporting
-  Document management
-  Transit Asset Management Plan
-  Inter-agency communications
-  Invoicing (Standardize F25)
-  Mobile apps

# Our Philosophy

One of our core beliefs is ‘Working Software’  
*“Progress over planning”*

We will release new versions often.

This will be an ongoing endeavor.

# Role Hierarchy

# August 2020 Release:

## Asset Management:

Vehicles  
Chairlifts  
Properties

## Document Management:

Upload & Download  
Agency specific  
documents
